

POTENCE PIVOTANTE

Charlotte Perriand

Charlotte Perriand was inspired by the boom of sailboats when in 1938 she conceived Potence Pivotante. Designed as a highly accessible swivel lamp, realized using two black tubular sections assembled in the shape of an inverted 'L' to lead the electrical wire from the switch to the bulb. The steel arm fixed to the wall rotates on the horizontal axis, describing an angle of almost 180°.

E26 LED

LAMPING

Source	E26
Total power	75W
Emission	diffused
Switching	dimmable on cable according to bulb
Tension	120V
IP class	20
Dimensions	78.7" x 40.9"
Materials	steel + aluminium
Notes	cable length 4.9'+5.6', orientable, installation with cable and plug, black RAL 9005, bulb not included
Net lamp weight	9 lbs

Codes
POT ENW 31

Structure
black

PACKAGE
Package 01

Dimension: 4.3" x 9.1" x 74.8" inches / Net weight: 14,8 lbs
