

SWAN

A graphic symbol, essential lines that accentuate the Swan lamp's great flexibility of movement and functionality. A productive intuition and a sophisticated mechanism make the lamp arm extendable from 134cm to 184cm while preserving the linearity and composure of the design. The adjustable light source offers precise and punctual illumination. The counterweight, an essential part of the design, is covered in Testa di Moro leather.

2700K

LAMPING

Source	LED board
Total power	15W
Emission	direct
Switching	dimmable on cable
Tension	120V
Color temperature	2700K
Luminous flux	839lm
Typ CRI	90
IP class	20
Dimensions	Ø1.9" x 72.4" x 61.8"
Materials	Aluminium
Notes	cable length 11.5', honeycomb accessory included, optic 60° (orientable), dimmer on cable, intallation with plug
Net lamp weight	3,31 lbs

Codes

SWA LN2 31

PACKAGE

Package 01	Dimension: 77,17x9,05x3,94 inches / Gross weight: 5,51 lbs
------------	--

Structure

black
