

FOX WALL

Bernhard Osann

Essential aesthetics and pure functionality. The swivelling arc in matte black painted steel allows wide movement, and gives the opportunity to both interact and decorate the space. The cylindrical spot, with optional anti-glare filter, allows the light to be directed as required. The light beam is warm and diffuse.

2700K

LAMPING

Source	LED board
Total power	15W
Emission	direct
Switching	dimmable on board
Tension	120V
Color temperature	2700K
Luminous flux	839lm
